

**So You made the naughty list again.  
What on earth are you going to do  
with all that coal?**

And you didn't get those two  
Highland calves you asked Santa for  
this year! They are still available but  
you'll have to pick them up instead.  
We had them already to go for you  
at the Big guys request.

***What they are***

- They are Cute
- They are gentle
- They are small
- They will probably always be small
- They are healthy
- They are wormed & vaccinated

## CALVES FOR SALE

These two were purchased from a reputable  
cattleman who received them in a large group  
from someone who couldn't care for them any  
longer. They probably had a pretty rough start.  
One is a steer and the other a heifer. They  
simply don't fit with our breeding program or  
beef operation.

***What they are not***

- They are not of our breeding
- They are not mini's, but they are small
- They are not registered They probably  
will not win any blue ribbons or grow  
large enough to be harvested for beef,  
but will be companions for life.
